

Seminar! **Inspection On Point: From Large-Scales to Fine-Details**

Revolutionise your precision measurement from large-scale to fine-detail inspections!

Join us and explore the new **Leica Absolute Tracker ATS800**, which measures up to 40m away from the system without the need for an operator, and captures detailed data such as edges, holes, grooves, and threads. Also, get to see the new **MARVELSCAN** in action, a wireless, handheld 3D scanner designed for unprecedented freedom and dynamic scanning in rough and unstable environment.

Date	Wednesday, 5 November 2025
