

***Seminar/Webinar!* Inside Out: Elevating Quality in Automotive & Electronics with X-ray CT**

Uncover every detail with Waygate Technologies' Industrial X-ray CT! Join us in Cikarang or online to master your quality control for complex parts, from Automotive's castings, composites, and EV batteries to Electronics' PCB and microchips.

Date	Tuesday, 26 August 2025	Wednesday, 27 August 2025
Time	10:00 – 14:00 Hours (WIB)	10:00 – 12:00 Hours (WIB)
Venue	PT Cairnhill Serviech Inti Delta Commercial Park, Jl. Kenari Jaya Blok B5-B6, Jayamukti, Cikarang Pusat Kab. Bekasi, Jawa Barat 17815 Indonesia	 Link will be provided on the confirmation email
Our speakers	 KC Lye Senior Sales Manager, Waygate Technologies	 Andri Susanto Applications Assistant Manager Cairnhill Metrology
Topics	I. Industrial X-Ray CT Inspection for Automotive and Electronics with Waygate Technologies II. Live Application Demonstration	
Why Should You Attend? <ul style="list-style-type: none">• Learn how Industrial X-ray CT from Waygate Technologies allows you to inspect complex components, revealing defects and internal structures—from micro-cracks in castings to voids in EV batteries and solder defects in PCBs.• Learn to identify and analyse internal defects, leading to improved product quality and long-term performance across your automotive and electronics production lines.• See real-world examples and methodologies for integrating X-ray CT into your workflow to enhance R&D, production quality control, and failure analysis.		
Free to attend (max of 2 persons per company). Limited Slots only. To Register: Please send us an email at krismaria@cairnhill.com . Or RSVP here by 22 August 2025. Allocation is on a first-come, first-served basis .		
Request a live demo measurement with your parts on a different day
