Registration

** Please register early, as allocation would be on a first-come, first-serve basis.*

*** Please [RSVP](#) here or email sales@cairnhill.com with your details.*

 **PolyWorks**
by innovmetric : **Your Universal Key for 3D Digitizers**

PolyWorks® is the first single-vendor solution that supports all 3D measurement processes and tasks performed by industrial manufacturing organizations, from model-based definition for measurement planning in CAD software, to dimensional analysis, quality control, and reverse-engineering, up to the enterprise-wide sharing of 3D measurement data and results.

Cairnhill Metrology welcomes you to our first Polyworks Seminar in Malaysia for the Year 2023. Gain practical PolyWorks knowledge for the complete quality control process, from 3D inspection planning, measuring parts and pieces, and reviewing results to managing and sharing their inspection data.

We welcome Mr. **Abdul Aziz SALEEM**, Director of Sales, Distribution - APAC at *InnovMetric Logiciels | Software*, and Mr. **Chaiyasit THONGPLIO**, President at *PolyWorks Thailand*, to discuss and demonstrate how **InnovMetric PolyWorks software** is an exceptional advantage to increase daily productivity and work quality in your industry.

About our Speakers

Based in Canada since 2017, **Abdul Aziz SALEEM** is InnovMetric's Director of Sales (Distribution) – APAC. He is responsible for business development across 24 countries in the region. With extensive manufacturing experience gained in Malaysia, Singapore and Australia, Aziz understands well about the processes and challenges faced by Production, Engineering and Quality Control teams. With an additional 15 years in the field of Metrology, first as an Application Engineer and then in Sales, he has successfully supported the growth of PolyWorks in APAC through PolyWorks subsidiaries and authorized distributors.

Over 18 years of outstanding experiences, **Chaiyasit THONGPLIO** is the owner and executive of PolyWork Software Thailand. Manage all departments in accordance with the established policies and the most important thing is what can he do to control the sales goals. Another important to support and guidance on technical matters in Thailand and in the Asian countries that are directly related to him.
